## **TECHNOLOGIES USED**

The project utilizes the following technologies:

### **1. HTML**

It is used to structure the website's content. It defines the layout, headings, paragraphs and various forms of elements. They help establish a logical layout and hierarchy of content making its visually organized.

### **2. CSS**

It is employed to style and format the website making it visually appealing and responsive.

Styling includes background images, color schemes, font choices, button styling and spacing to provide a cohesive look.

## **PROJECT** **DESCRIPTION**

The RoadSide Café WebSite consists of a

1. HOME page- which serves as an introduction to the firm.
2. Navigation Bar – consisting of categories, Home, services and contacts.
3. Contact menu displays the contact number, email and location of the vendor for any enquiry or assistance.
